

Hello ABLE Families,

We are excited to spend some virtual time with you at our Back to School night. There are some important details that we would like to share with you:

- Teachers will be sharing pre-recorded presentations of their class on our website for you to review by September 21<sup>st</sup>. These presentations will cover important things that you need to know about attendance, grades, assignments, and more. Our hope is that you will be able to watch these presentations and have most of your questions answered.
- If you have questions that were not answered in the presentations, you can meet with teachers, counselors, and administrators virtually on September 24<sup>th</sup> from 6-7:30 PM. The links for these live sessions will be posted on our website, and the times will be as follows:

Math Team	6:00- 6:15
ELA Team	6:20- 6:35
Science Team	6:40- 6:55
History & Electives Team	7:00- 7:15
HS Administrative Team & Counselors	7:20- 7:35

- If you have questions or concerns about your student, we ask that you schedule a one-on-one meeting with the teacher outside of Back to School night. We want to address concerns and support you and your student during distant learning, but we want to also ensure you and your student's privacy.

If you have any questions about this upcoming event, please feel free to contact us. See you soon!
