HISTORY BEHIND VALENTINES DAY.

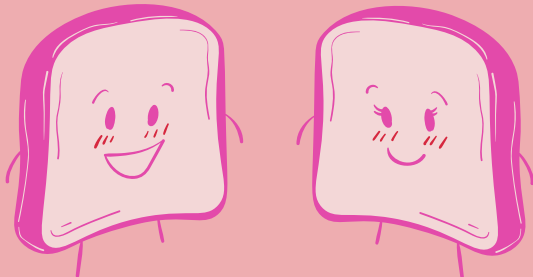

By: Denaly Cano

The history of Valentine's Day actually finds its roots in ancient Rome and Victorian England, and it's not as rosy as you might want to believe.

The Catholic church has records of at least three different martyrs named Valentine. One of them, a priest in third century Rome, defied the emperor Claudius when he decided to outlaw marriage for young men. Valentine continued performing marriage ceremonies for the lovers in secret, and Claudius had him killed for it when he found out.

I LOAF YOU

While Valentine was jailed, he began sending letters to the jailor's daughter and would sign the cards "From your Valentine". This expression is still used today, and that is why we send "Valentine's cards"

HOW TO SPREAD THE LOVE

IT'S THE THOUGHT THAT COUNTS!

Mia Mendoza

Not everyone has a Valentine. So it is always thoughtful to reach out or even check on your friends and family. Although we are still in the pandemic, there are still ways to do it! Get a pack of thank you cards at any store, and write how much you love that person, and decorate them how you want, then send them out in the mail! An easier way to reach out is to simply shoot a text or give a call to your friends and family that you want to acknowledge

If you would like to help brighten up a child's day, please consider writing them a e-valentine card. The children at St. Jude's Hospital would love an e-card:

How to not have a good Valentine's Day.

Just follow these simple steps:

STEP 1: DON'T TAKE YOUR DATE OUT ANYWHERE.

STEP 2: DON'T GIVE YOUR DATE A PRESENT.

STEP 3; DON'T HUG YOUR DATE.

STEP 4; DON'T TALK TO YOUR DATE.

STEP 5; DON'T APPRECIATE YOUR DATE.

STEP 6: DON'T HAVE A DATE.

Not everyone might have a special one on this special day and that is alright. They either might have personal reasons as to why they dont. But what matters is that you are not alone. Just remember that you can make yourself happy and enjoy things on your own.
